

Facilities for Students with Disabilities

Wavikar College of Optometry, Thane.

Wavikar College of Optometry is committed to promoting inclusive education and equal opportunities for students with Disabilities. The College ensures a barrier-free, supportive, and accessible learning environment.

1. Barrier-Free Physical Infrastructure

- Wheelchair-friendly access to classrooms, laboratories, library, clinics, and administrative areas.
- Priority access to essential academic and clinical facilities.

2. Wheelchair and Mobility Support

- Wheelchair facilities available for students with mobility impairments.
- Assistance provided by trained support staff for movement within the campus.
- Safe and dignified mobility ensured during academic and clinical activities.

3. Academic and Clinical Support Services

- Academic flexibility and support as per university and statutory norms.
- Assistance during clinical postings, practical sessions, and examinations when required.
- Faculty members are sensitized to the specific learning and physical needs of students with disabilities.

4. Health, Safety, and Triage Support

- Access to triage and first-aid facilities for students with special healthcare needs.
- Prompt medical attention and referral support in case of emergencies.
- Priority care to minimize physical strain and health risks.

5. Housekeeping and Support Services

- Clean, hygienic, and well-maintained facilities to ensure a safe campus environment.
 - Support staff trained to assist students with disabilities respectfully and efficiently.
